Prizes To Be Given At Drummers' Convention.

April 27, 1918.

Dr. F. E. Hinch,
Ste. Genevieve, Mo.

Dear Friend Doctor:
Mr. George Talley, the President, and myself have arranged the program for Friday, Red Cross Day, as follows: We will have mammoth drawing for prizes that are donated by the different people at 7:30 p. m. Friday at the band stand. The admission tickets to the drawing will be sold at twenty-five cents each.

Now, we are instructing the different donors of prizes to forward the same to you. I would suggest that you take these prizes and display them in your window with the names of the donors on the same. I think that that will be a good advertisement for the drawing. In due time we will arrange the prize list and, after the drawing is over, the winner can call at your store, and I would appreciate it if you would have a committee to attend to the dispensing of the prizes. However, I will use my best endeavors to call on you before the meeting.

We are ordering the tickets, incidentally, if you care to advertise this, do so.

We have arranged for Mr. Arthur L. Oliver, United States District Attorney and Mr. Charles Daines, St. Louis City Councilor, to address the public in the interest of the Red Cross.

Now if you have any suggestions, or the above does not meet with your approval, please let me hear from you. I can assure you we will have one grand list of prizes to the value of not less than three or four hundred dollars. We are hoping to make a big success.

When we come down, we will notify you in advance.

Very truly yours,

W. E. LEACH.

For Sale:—One slightly used 1917 model automobile with electric starter and lighting equipment, demountable rims and extra rim, weight less than 2,000 pounds. Car in first class condition.

Avon Items.

After one week of almost continuous rain, Sunday noon seemed to open up with clear, settled weather and bright, warm sunshine which are much welcomed visitors. Grasses, wheat, oats, gardens and forests are greening and looking their best.

Geo. W. Biri was a visitor at this place Saturday.

Mr. and Mrs. A. C. Wade were Farmington shoppers Monday.

Clarence Bowling was the guest of Libertyville friends over Sunday night.

Jas. Beard of Farmington, was seen in our village the first of the week.

Emmett Boyd transacted business at River aux Vases on Wednesday of last week.

William W. Rodgers was a Farmington caller Monday where he is taking treatment from Dr. A. F. Eugas.

Miss Beatrix Heberle of near New Church returned home Saturday after a few days visit with her cousins, Mr. and Mrs. F. M. Boyd and family.

Harrison and Rolen Miller of near Coffman passed through here Saturday afternoon enroute to Mine La Motte returning Monday morning.

Miss Frieda Jaggerst formerly of Ste. Genevieve but now of Avon is a guest at the home of Emmet Boyd.

Sherman Blaylock, son of Mr. and Mrs. Blaylock, returned home last week after a several months stay at Michigan and Illinois. Sherman's friends are all glad to see him home again.

Thomas Boyd went to Farmington the first of last week and while there became ill with the measles, therefore was forced to remain until Saturday. He is recuperating nicely at this time.

Miss Ethyl Rodgers was a business visitor at New Church Monday morning.

Mrs. A. J. Gordon was the guest of Mrs. Elliott Boyd last Sunday.

C. L. Bauer, who has been quite sick, is able to be at his shop this week.

Mrs. William Sheer, C. V. Bowling, M. L. Presnell and sister, Cressie, and cousin, Consuela, of Libertyville, were guests of Mr. and Mrs. E. L. Rogers and family last Sunday.

Mrs. Ino. Adams who was taken to the Bonne Terre Hospital several days ago was operated on last week, but we understand another operation is to be performed shortly. She is not recuperating as well as was expected.

Prof. Chas. A. Rogers, of Blytheville, Ark., who has been spending the past two weeks, the guests of his parents, Mr. and Mrs. E. L. Rodgers and other relatives near here, recently volunteered his services for military duties and was called for reportment by his Local Board May 1st. He departed for Blytheville Saturday on the noon train, with the good wishes of his many friends for a speedy and safe return.

Best Remedy for Whooping Cough.

"Last winter when my little boy had the whooping cough I gave him Chamberlain's Cough Remedy," writes Mrs. J. B. Roberts, East St. Louis, Ill. "It kept his cough loose and relieved him of those dreadful coughing spells. It is the only cough medicine I keep in the house because I have the most confidence in it." This remedy is also good for colds and croup.

Stallion Registry Ruling.

On the recommendation of the state agricultural secretary and state veterinarian, the Missouri Stallion Registry Board of Jefferson City, Mo., announced a ruling that, pending issuance of licenses applied for, owners may book business and advertise, stating in each case "state license applied for." The examination and investigation of hundreds of applications and pedigrees makes immediate issuance of all licenses impossible. Newspapers are notified to proceed with advertisements. Jack stock does not require registration.

Weingarten Items.

We had some rain, too.

Henry J. Harter and Edward J. Donze attended circuit court last week serving as petit jurors. Leo Schweiss of Clearyville visited relatives at New Offenburg last Sunday.

Miss Sophia Schwent of St. Louis spent a few days here last week.

Andrew Schweiss of St. Louis visited his parents at New Offenburg this week. He left for Perryville Friday where he joined the "boys" from that county to Jefferson Barracks.

Several of our members attended the K. of C. meeting at Bloomsdale last Wednesday night.

Mr. and Mrs. Henry Blicher of Toledo, Ohio, visited the latter's parents Mr. and Mrs. Henry J. Miller of Weingarten this week.

Many of our people attended the funeral of John Karl at Zell Monday and that of Joseph Guehle at Ste. Genevieve on Tuesday.

Rev. Father Kotte attended the patron feast at River aux Vases last Wednesday.

A number of our citizens attended the funeral of Lawrence O. Wells at Farmington last week. Mr. Wells died in St. Louis. He was County Assessor of St. Francois County.

Dogs killed 16 sheep and crippled several more for Edward Bequette last week. This is a severe loss and no law or way to take recourse to. There are too many useless dogs. Raise sheep and not cut dogs for sheep and wool are needed a great deal more in time of war.

Get Rid of Your Rheumatism.

Now is the time to get rid of your rheumatism. You will find Chamberlain's Liniment a great help. The relief which it affords is almost worth many times its cost.

LOOKEE! KIDDIES! CIRCUS IS COMING

Ringling Bros. Mammoth Show and Great Spectacle Will Soon Be Close At Hand.

"Ringling Day," the big holiday for which young and old impatiently wait at this season of the year, promises to eclipse all other events on the calendar at St. Louis for five days beginning Tuesday May 7. Exhibitions will be given both afternoon and night. It would seem as though everybody in this locality were planning to attend. Those who do will see many wonders. There will be the great street parade—more than three miles long this year—no end of strange and remarkable wild animals in the gigantic Five-Continent Menagerie, and whole hours of sensations in the mammoth main tent. This season the Ringling Brothers are opening their program with a wonderful spectacle entitled "In Days of Old." More than 1,200 actors take part in the great production, which tells the story of the day "when knight-hood was in flower." There is a ballet of 300 dancing girls and no end of other striking features. Following the spectacle will come a thousand arena sensations. There will be seventy riders, headed by May Wirth, who somersaults from the back of one galloping horse to another; Lily Leitzel, the world's greatest aerial gymnast; Australian woodchoppers felling giant trees; Hilary Long, who leaps the gap on his head, and a world of other startling features. Eighty clowns will furnish fun and more trained animals and trick horses and elephants will appear than ever before.

Notice To The Public.

It has been circulated throughout Ste. Genevieve County that I have in my trips in the various parts of the county selling medicine, stopped and boarded with the farmers and reported and had them prosecuted for serving me meat on meatless days or on days which the Government prohibits the use of same.

While my loyalty to my country is unquestioned and I uphold no one in the violation of our country's laws and regulations in these critical times, this report is untrue, and anyone can upon inquiry from the authorities in Ste. Genevieve convince themselves that this is a false report.

I will give \$100.00 reward for the apprehension and conviction of the parties or party who circulated this false rumor.

LET POTATOES AID IN SAVING WHEAT

IF MORE SPUDS ARE EATEN LESS WHITE BREAD WILL BE NEEDED.

HUGE EXCESS NOW ON HAND

Food Administration for Missouri Urges Everyone to Increase Use of Tubers.

Let potatoes save the wheat. By eating the homely and plentiful spud instead of the more precious wheat the people of Missouri can help win the war, just as they can help by purchasing Liberty Bonds and contributing to the Red Cross, F. B. Mumford, federal food administrator for Missouri, declared recently.

"The situation is this," said Mr. Mumford. "There is not enough wheat for the Allies and ourselves. We have an abundance of potatoes, an excess of 90 million bushels over normal times. If we are to win this war the people of the Allied nations must have wheat. The potato cannot quite come up to wheat in food value but it does come as close to taking the place of wheat as any other food. So by eating potatoes we can save wheat for the Allies."

Native of This Continent.

"Like corn, the potato is a native of this continent and is as thoroughly American as the American Indian. The potato is one of the chief foods now sustaining Germany, while the other European countries are largely dependent upon it. Yet the potato was not known abroad until the end of the sixteenth century, when both the English and the Spanish introduced it from their American colonies."

Although the potato is a native vegetable, the American per capita consumption is very low, averaging only about one-half that of Europe. This is due largely, it is said, to the fact that bread has always been high abroad and low in this country. The higher price of bread in this country is expected to cause the people to turn more to the potato.

Less White Bread Needed.

While approximately three-fourths of the potato is water, it contains enough valuable food substances to entitle it to a place among foods. A small potato of from three to four ounces supplies as much starch as a large slice of wheat bread, but not as much protein. The more potatoes eaten the less white bread is needed. In making ordinary bread and rolls potatoes can be substituted for about one-fourth of the wheat flour.

I will open a Lunch Room in the Rozier Building on Market St. on Saturday, April 13th. Short orders a specialty.

Proper Food for Weak Stomachs.

The proper food for one man may be all wrong for another. Every one should adopt a diet suited to his age and occupation. Those who have weak stomachs need to be especially careful and should eat slowly and masticate their food thoroughly. It is also important that they keep their bowels regular. When they become constipated or when they feel dull and stupefied after eating, they should take Chamberlain's Tablets to strengthen the stomach and move the bowels. They are easy to take and pleasant in effect.

For the boys in khaki

Bevo is a great favorite in the Army Canteens, where none but pure, soft drinks may be sold. After drill or march, you are sure to see a long line of hot and dusty-throated soldier boys making a bee line for Bevo. They know that there lies complete satisfaction, full refreshment and pure wholesomeness.

At home or abroad—at work or play—between meals or with meals, you will appreciate what we have done for you in making this triumph in soft drinks. You will find Bevo at inn, restaurant, groceries, department and drug stores, picnic grounds, baseball parks, soda fountains, dining cars, in the navy, at canteens, at mobilization camps and other places where refreshing beverages are sold.

Road to Happiness.

Be amiable, cheerful and good natured and you are much more likely to be happy. You will find this difficult, if not impossible, however, when you are constantly troubled with constipation. Take Chamberlain's Tablets and get rid of that and it will be easy. These tablets not only move the bowels, but improve the appetite and strengthen the digestion.
